INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with the provisions of 37 C.F.R. 1.56 and 37 C.F.R. 1.97-1.99, Applicant submits herewith a Form PTO-1449 listing information known to Applicant and requests that this information be made of record in the above identified application. Copies are submitted herewith in accordance with 37 C.F.R. 1.98(a).

In accordance with 37 C.F.R. § 1.97(e), it is certified that either (1) each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this information disclosure statement, or (2) no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign patent application and no item of information contained in the information disclosure statement was known to any individual designated in 37 C.F.R. § 1.56(c) more than three months prior to the filing of this information disclosure statement.

JP 58-004180 was cited by the Japanese Patent Office as it teaches a mobility of a polysilicon TFT is about 100 cm²/V-sec. This reference teaches an active matrix substrate, which includes a matrix of data lines and gate lines. Peripheral driver circuits for driving these data lines and gate lines, respectively, are formed on a peripheral portion of a substrate. A portion or all of the transistors which constitute the peripheral driving circuits has a higher mobility than the matrix circuit. The reference numeral 1 depicts a glass substrate, 2

is an active matrix circuit, 3 is a peripheral driving circuit, 4 is a polysilicon film, 5 is a CVD SiO₂ film, 6 is a polysilicon film, 7 is a CVD SiO₂ film, and 8 is an electrode.

An RCE was filed in this application on July 6, 2004, and no further Office Action has been received. Therefore no fee is required.

Respectfully submitted,

Eric J. Robinson
